

Free printable · Number recognition · Ages 3 to 6

Wobblin's Number Hunt

Oh dear, Wobblin has lost his numbers! Eleven hunting pages, one number at a time.

What's inside

- 11 number hunt pages, 0 to 10, with one target number per page
- An "I know my numbers" tracker
- The same calm layout on every page

Tips for grown-ups

- Do one page at a time. Stop while it's still fun.
- Use a crayon, dot marker, or a counter on each one you find.
- Run a finger slowly along each row so no ball is missed.
- Mixed-up numbers on purpose: that's what builds recognition.

Can you help me find every **1**? Colour each one!

1
one

2	3	8	1	9
1	4	1	6	5
0	8	1	6	4
9	1	5	6	10
4	1	10	4	9
8	4	8	2	4

Grown-up tip: Say the number together each time you find one. Then count how many you coloured.

How many 1s? ☐
