

Free printable · Number recognition · Ages 3 to 6

Wobblin's Way to Bed

A number board game from the park to bed, plus missing number paths and a number hunt around your home.

What's inside

- A 1 to 20 board game: Wobblin's way to bed
- 2 missing number pages (1 to 10, 11 to 20)
- Numbers around my home hunt
- A 0 to 20 tracker

Tips for grown-ups

- Keep the game cooperative if losing is hard: you're all helping Wobblin.
- On the board, the child says the number they land on. That's the practice.
- For the home hunt, take photos of the numbers you find.
- Numbers 11 to 20 are tricky. Focus on 0 to 10 first.

Help me get home to bed! Roll, move, and say the number you land on.

Home: bed!

20	19	18	17 ☾	16
11	12 ★	13	14	15
10	9 ☾	8	7	6
1	2	3	4 ★	5

Start: the park

How to play: 2 players. Use a die, or write 1, 2 and 3 on scraps of paper and pick one. Say the number on every square you land on. ★ Glow boost: jump ahead 2. ☾ Big yawn: go back 1. First to bed wins, or play as a team and help Wobblin get there together!

Some numbers floated away! Write the missing numbers.

1 2 ___ 4 5

5 6 ___ 8 ___

5 6 7 ___ ___

1 2 3 4 5 6 7 8 9 10

Grown-up tip: Use the number line at the bottom to help. Saying the numbers aloud helps find the missing one.

I did it! ☐

Numbers hide all over your home! Where can you find them?

- [ ] A clock
- [ ] The oven or microwave
- [ ] Our letterbox or house number
- [ ] A measuring cup or jug
- [ ] Lift or door buttons
- [ ] A phone or remote
- [ ] A page in a book
- [ ] A calendar
- [ ] A car numberplate
- [ ] A price tag

Draw or write a number you found. Where was it?
