Wobblin's Letter Hunt

Wobblin has muddled up his letters! Eight hunting pages for s, a, t, p, i, n, m and d.

What's inside

- 8 letter hunt pages: s, a, t, p, i, n, m, d (the first letters many Australian classrooms teach)
- Upper and lowercase mixed together
- Look-alike letters on purpose, like b, d, p and q
- A letter tracker

Tips for grown-ups

- Say the letter sound, not just its name.
- One page at a time is plenty.
- Run a finger along each row so no letter is missed.
- Use a crayon, dot marker or counters.
