Home and Kinder Snapshot

What we each see, side by side

Child _____ **Date** _____ **Room** _____

Parent fills the "At home" column, educator fills "At kinder or care". Short, specific examples work best.

Area	At home	At kinder or care
Starting and switching Getting going, moving between activities, transitions		
Listening and attention Following steps, mat time, drifting off		
Big feelings What sets them off, how long to settle, what helps		
Body and senses Movement, pressure, chewing, clenching, noise, clothes		
Sleep and energy Rest time, bedtime, tired times of day		
Friends and play Joining in, taking turns, favourite play		
What helps her most Strategies that already work		

One small thing we will both try for the next few weeks
